"The Healthier Living Centre provides balance for the body, mind, and soul"

- Donna M., Exercise Client

"The Healthier Living Centre is more than just a place, it is a feeling of belonging. I have grown new friendships, celebrated people's birthdays and gone to parties, and shared mutual experiences with my peers. All of these things add up and make a big difference in the lives of seniors.

A number of seniors live alone, and we are able to find strength, support, compassion and caring in a newly emerging community at Lumacare which helps us physically, mentally, and socially throughout the year.

I would NOT be this fit, aware, congenial, healthy and truly alive at 74 without the benefit of Lumacare."
