Multi-Year Accessibility Plan Statement of Commitment

Lumacare is committed to treating people with disabilities in a manner that allows them to maintain their dignity and independence. We will strive to provide timely services that are adapted to the needs of people with disabilities. We are committed to working to remove barriers to accessibility and meeting the accessibility requirements under the Accessibility for Ontarians with Disabilities Act (AODA).

Lumacare's 2022-2023 Accessibility Plan outlines the policies and actions that will be put in place to improve access to our services for people with disabilities.

Accessible Emergency Information:

Lumacare is committed to providing visitors with publicly available emergency information in an accessible format upon request. We will also provide employees with disabilities with individualized emergency response information as required.

Training:

Lumacare is committed to providing training to all employees on Ontario's Accessibility Laws and on the Ontario Human Rights Code as it relates to people with disabilities. The training provided will be done in a manner that suits the duties of employees.

Lumacare has taken steps to ensure employees are provided with training in accordance with Ontario's Accessibility Laws by December 2023:

The steps taken include;

1. Training was delivered to employees on all Integrated Accessibility Standards Regulation (IASR) requirements that apply to Lumacare.
2. Training was delivered to employees on the Ontario Human Rights Code, as it relates to disabilities.
3. Maintaining records of all employees who receive training and the dates of completion.
4. Specialized training as needed for employees to fulfill the Integrated Accessibility Standards Regulation (IASR) requirements.

Information and Communications:

Lumacare strives to meet the communication needs of people with disabilities, within its available resources. Lumacare will support requests for information in alternative, accessible formats, and will work with the person making the request to determine and where possible, address their accessibility needs.
